Where to find us

Market Place Dental Practice is located in the heart of Cirencester town centre, opposite the church.

There are convenient parking spaces on the Market Place, just outside the practice, and at the nearby The Forum and The Waterloo public car parks

Access

We have a number of stairs leading up to the practice, as we are located on the first floor. Should you need some assistance climbing the stairs, please alert us by ringing the doorbell on the ground floor.

The Forum park car provides 12 disabled parking bays, with 2 available in the Abbey Grounds carpark, and 6 in The Brewery.

A Taxi rank is situated almost directly outside.

Appointment Times

For your convenience, we will call or email you a reminder 24 hours before your appointment.

To help us to provide any emergency treatment that may be required, we ask that, if your plans change, you contact us to cancel any appointments with at least 24 hours notice.*

Customer Care

We are constantly trying to improve, and we would like to know if you have any concerns, complaints or compliments about our service.

We will handle any issues in a courteous, confidential and constructive way.

market place dental practice

Welcome to Market Place Dental Practice, where our aim is to provide quality dental care with professional and considerate service, meeting your needs and expectations

We are a long established Private practice with some NHS facilities for children.

We are conveniently located in Cirencester town centre, in the Market Place opposite the church.

Our team of five dentists, two hygienists and full support staff, provide a wide range of treatments to keep your mouth healthy and comfortable.

Your Smile

Your smile is a very important to your health and well-being, including your self confidence.

This is why smile makeovers have become increasingly popular. We can help you to achieve a brighter, more youthful smile. This may simply be with regular examinations and hygienist visits, or by using tooth whitening and dental bonding techniques to brighten and improve your smile.

We often use a combination of modern treatments, such as tooth alignment, crowns, bridges, veneers and implants, to help you get the result you want.

Speak to us about this at your visit, and we will be happy to advise you how we can help improve your smile.

Fees

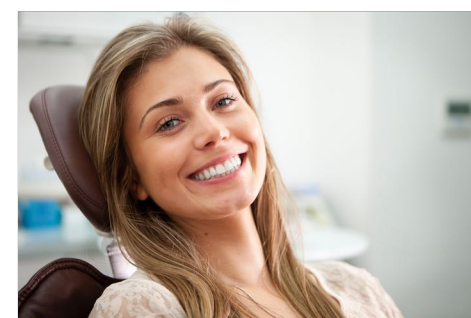

Our fees reflect the service we offer.

A fee list is available on request and patients are given an estimated cost prior to embarking on a course of treatment.

Payment is usually due at the end of each appointment.

Emergency Visits

We have daily slots reserved for dental emergencies. Please telephone us as early as possible, to give us time to arrange an appointment for you.

Outside of Practice hours, please listen to our answerphone message for details of the on-call service we provide.

*There may be a fee for failing to attend an appointment.
